

# Pieri® Euro Wax

Release agent

### DESCRIPTION

Pieri® Euro Wax is a semi-liquid, high performance visco-elastic form release agent that ensures high quality architectural surfaces. Pieri® Euro Wax will not stain concrete or affect adhesion of waterproofing or other coatings. Coverage: 5,000-10,000 ft<sup>2</sup>/gal (123-245 m<sup>2</sup>/L).

### Method of Use

#### Dosage

- Apply a extremely thin coat with rag, sponge or mop. Can only be spray applied with airless equipment.
- The usage of Pieri® Euro Wax results in clean, uniform surfaces with little or no cleanup required.
- Flash Point: 115°F (46°C)
- Specific Gravity: 0.80

#### Additional Usage Recommendations

- Pieri® Euro Wax is formulated for use with the most intricate molds and forms; especially with no or low draft for release. PIERI® EURO-WAX may be used with all types of forms, including plastic, rubber, latex as well as Styrofoam and is particularly useful in all self-consolidating concrete (SCC) concrete applications.
- Pieri® Euro Wax is a low odor, viscous liquid that may be used at low and high temperatures.
- It is a non-staining, rain resistant and provides corrosion inhibiting capability, without creating powdery residue.

### CHARACTERISTICS

#### Shelf life

12 months

### PACKAGING

- 210 L (55 Gallons) Drum
- 19L Pail (5 gallons)

### PRECAUTIONS

- Pieri® Euro Wax has a shelf life of one year from date of manufacture if stored in a cool dry place in its closed original container. Keep away from all sources of heat, sparks or flame.

### SAFETY

Prior to any use, please read carefully the Safety Data Sheet.
